- Montagekorrektur: Justieren der Schrauben
- Assembling correction: adjust screws
- Correction montage: ajuster les vis
- Montage korrektje: schroeven bijstellen
- Aggiustamento del montaggio: aggiustare le viti

Höhenverstellung durch Befestigungsschraube

Befestigungsschraube lösen und die Tür in die gewünschte Stellung nach Oben oder Unten verschieben. Anschließend Befestigungsschraube wieder festdrehen.

Height adjustment by fixing screw

Untighten fixing screws and slide the door up or down into right position. Afterwards tighten the screw.

Change de hauteur avec les vis

Desserrer les vis et glisser la porte vers le haut ou le bas dans la position juste. Après reviser les vis.

Hoogte verstelbaar met bevestigings schroef.

Draai de bevestigingsschroef los en schuif de deur naar boven of beneden in de juiste positie. Daarna de schroef weer vast draaien.

L'altezza può essere regolata con le viti di fissaggio.

Prendere le viti di fissaggio e posizionare le porte all'altezza desiderata dall'alto verso il basso o viceversa dal basso verso l'alto. Alla fine avvitare e fissare definitivamente le viti.

10 Watt

Pflegehinweis: Kunststoffoberflächen sind pflegeleicht. Zum Reinigen genügt das Abwischen mit einem feuchten Tuch oder etwas Seifenlauge.
