Höhenverstellung durch Befestigungsschraube
Befestigungsschraube lösen und die Tür in die gewünschte Stellung nach Oben oder Unten verschieben. Anschließend Befestigungsschraube wieder festdrehen.

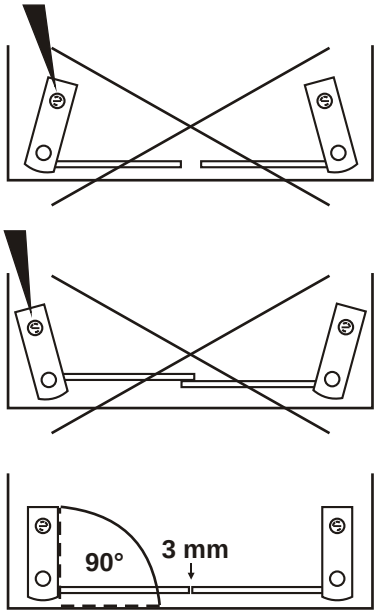

Height adjustment by fixing screw
Untight fixing screws and slide the door up or down into right position. Afterwards tighten the screw.

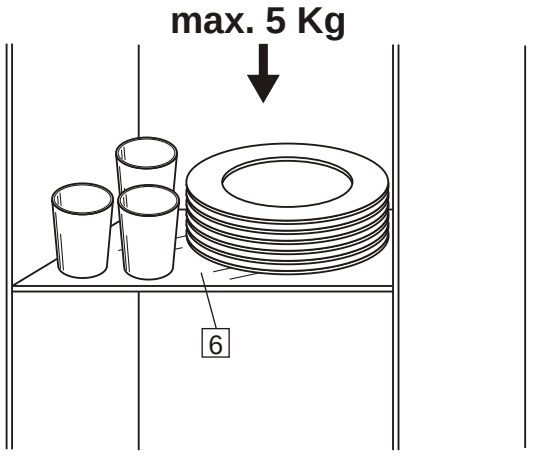

Change de hauteur avec les vis
Desserrer les vis et glisser la porte vers le haut ou le bas dans la position juste. Apres reviser les vis.

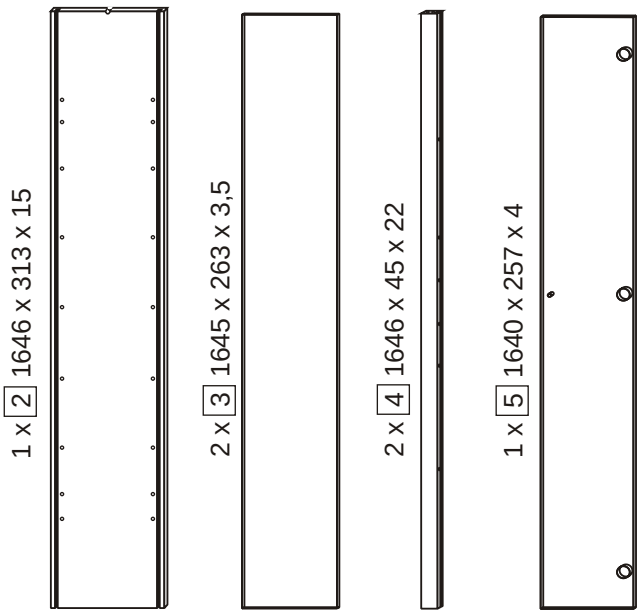

Hoogte verstelbaar met bevestigings schroef.
Draai de bevestiginsschroef los en schuif de deur naar boven of beneden in de juiste positie.Daarna de schroef weer vast draaien.

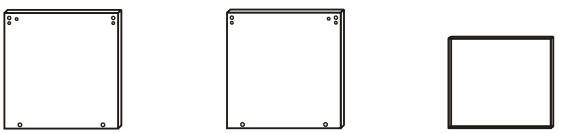

L´altezza puo`essere regolata con le viti di fissagio.
Prendere le viti di fissagio e posizionare le porte all´altezza desiderata dall´alto verso il basso o viceversa dal basso verso l´alto. Alla fine avvitare e fissare definitivamente le viti.

- Montagekorrektur: Justieren der Schrauben
- Assembling correction: adjust screws
- Correction montage: ajuster les vis
- Montage korrektje: schroeven bijstellen
- Aggiustamento del montaggio: aggiustare le viti
