- Make sure that both legs are fully open during use.
- Legs can be folded away for flat storage.
- Place the product on flat and steady surface during use.
- Do not fold legs during usage, the goods may be incline and cause things on top of it be damaged.
- Keep this instructions for future use.
- Dispose of all packaging carefully and responsibly.
- Do not stand or put too much weight on the product.

Solid wood / Real wood veneers

- This product has been finished using natrual materials. As a living material, you may notice some variation in the grain and colour shade between the different components.
- Unlike a synthetic or man-made material which has a uniform finish, a feature of natural wood is its variation in grain and colour. We wish to reassure you that this is quite normal and is not the result of any manufacturing fault.
- Where sheets of wood are joined together, a line may be detected. Again, this is normal and is not an imperfection.
- The natural finish should be cared for by the periodic application of a good quality ‘was’ based domestic furniture polish (Not silicone!!). Occasional / small spills should be removed immediately using a damp cloth.
- Do not allow hot articles to come into contact with the surface, as damage will occur!

Care and maintenance

- Clean using a damp cloth or a proprietary domestic furniture polish. Do not use abrasive cleaners.
- This product should not be discarded with household waste. Take to your local authority waste disposal only.
- From time to time check that there are no loose screws on this unit.
