⚠ Safety and Care Advice

Important – Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on pages 2 and 3.
- Remove all fi ttings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.
- Do not stand or put weight on the product, this could cause damage.
- Assemble the item as close to its fi nal position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your fl oor.
- Parts of the assembly will be easier with 2 people.

- We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers
- Dispose of all packaging carefully and responsibly.

Care and maintenance

- From time to time check that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Phillips screwdriver medium

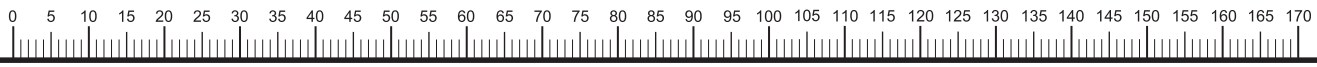

Drill

Ruler/tape measure

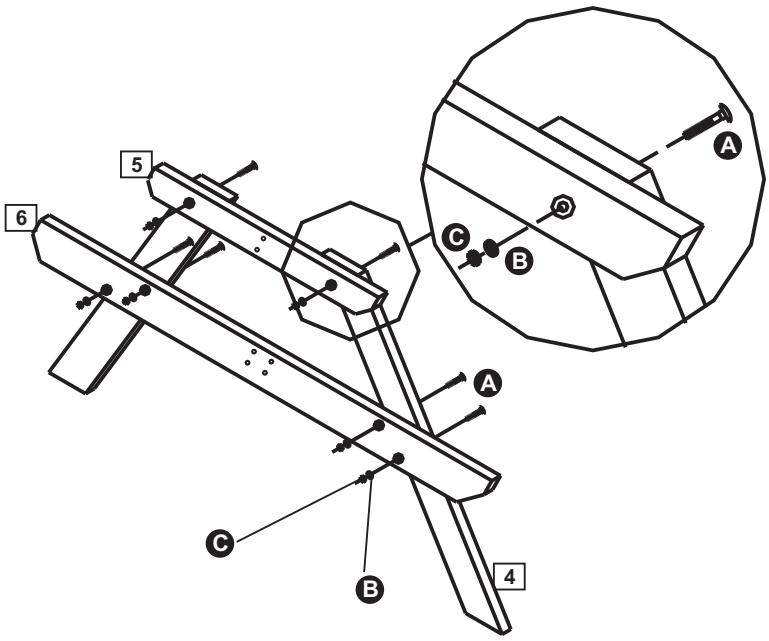

Ruler - Use this ruler to help correctly identify the screws

Assembly Instructions

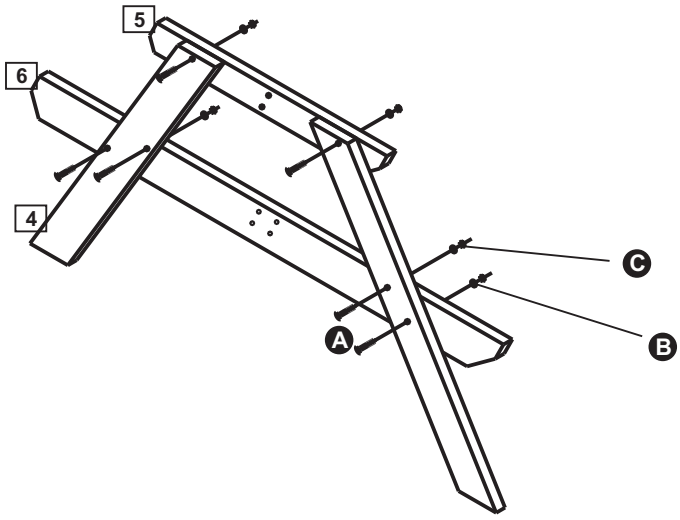

Step 1

Place 2 legs [4], a table brace [5] and a seat brace [6] on a flat clean surface. Connect the table brace and the seat brace to the legs using bolts Ⓐ, washers Ⓑ and nuts Ⓒ as shown in the picture.

Step 2

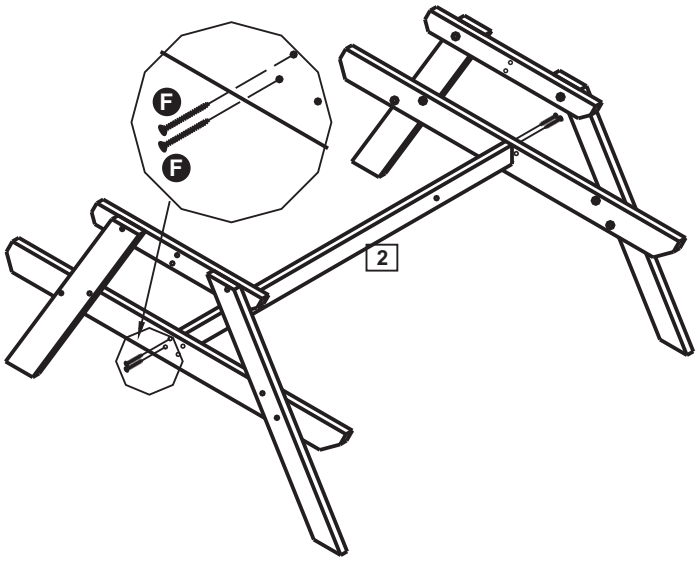

Repeat the above described process for the remaining 2 legs, table brace and seat brace.

Assembly Instructions

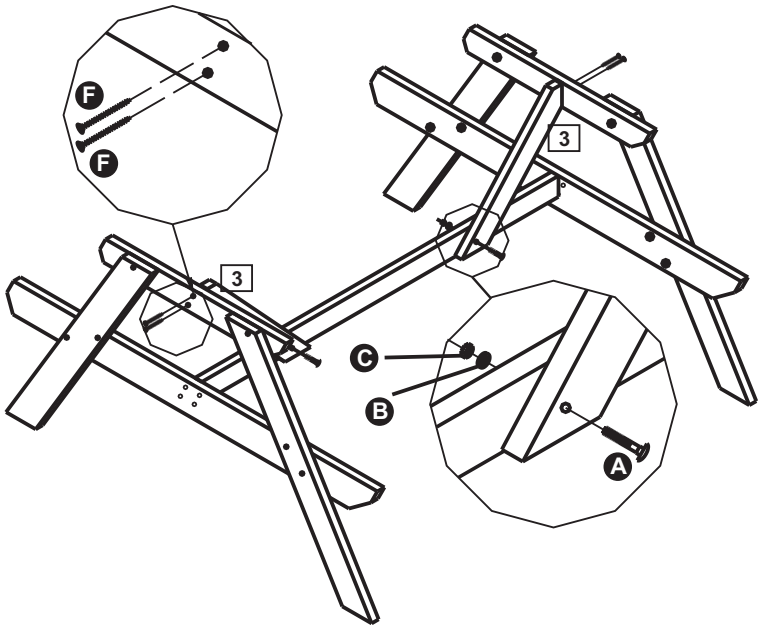

Step 3

Attach the center rail [2] to the assembled sides using 2 wood screws Ⓕ at each end, as shown in the picture.

Step 4

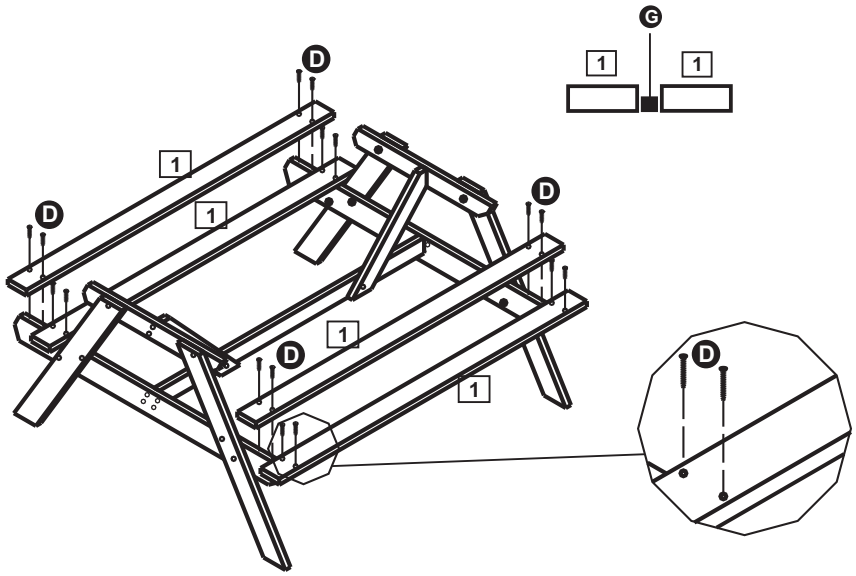

Attach the diagonal brace [3] to the center rail using bolt Ⓐ, washer Ⓑ and nut Ⓒ, and to the seat brace using furniture screw Ⓕ as shown in the picture. Repeat this process for the other side of the bench.

Assembly Instructions

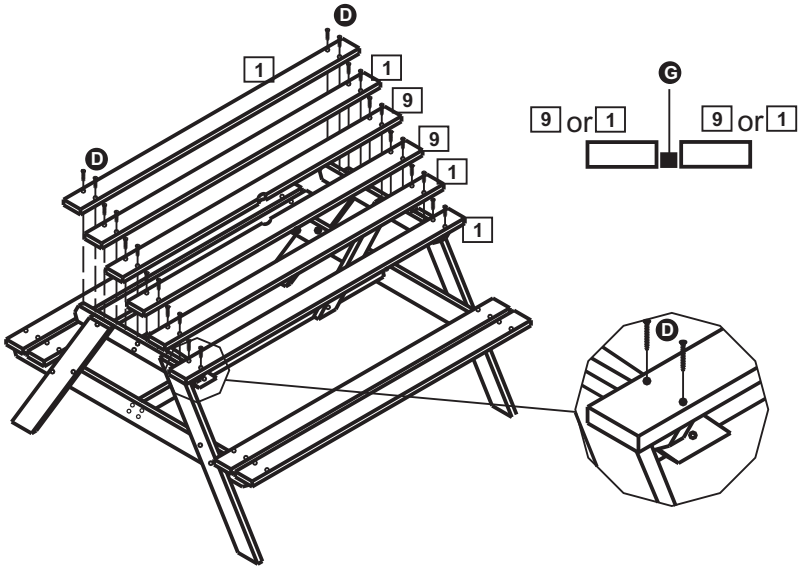

Step 5

Using the wooden spacer Ⓖ provided place the seat slats [1] onto the seat braces ensuring that the outer slats are level with the edge of the braces and secure using the wood screws Ⓓ as shown in the picture.

Step 6

Using the wooden spacer Ⓖ provided place the table slats [1] - 4 pcs and table slats [9] - 2 pcs onto the frame ensuring that the outer slats are level with the edge of the table braces and secure using the wood screws Ⓓ as shown in the picture.

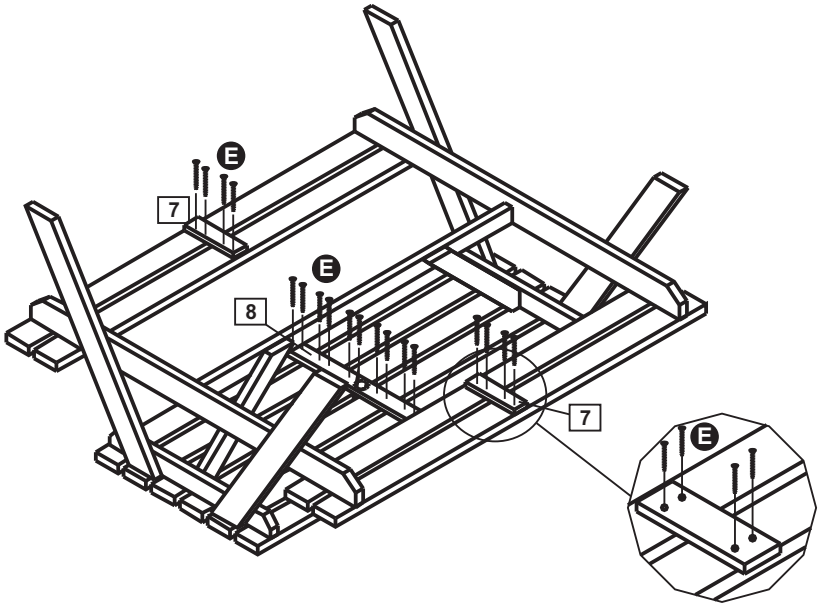

Assembly Instructions

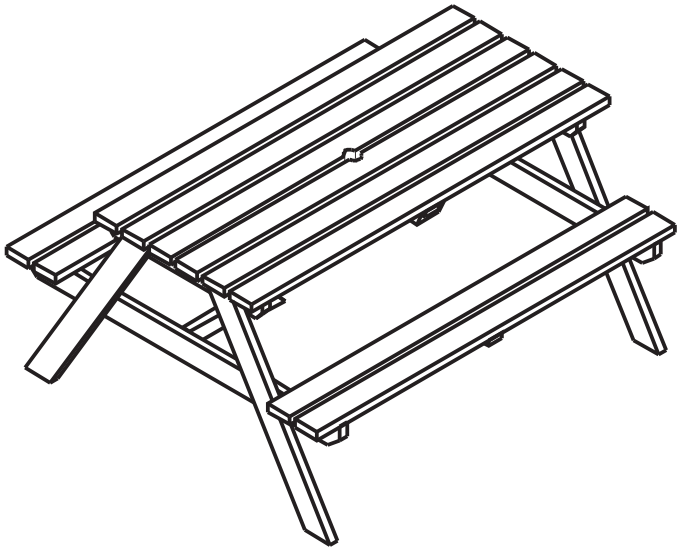

Step 7

Turn the table upside down **(we suggest two people perform this operation)** and attach the seat cleat 7 to the seat slats using wood screw , repeat this process for the other side. Than attach the table cleat 8 to the table slats using wood screws E as shown in the picture.

Place the table in an upright position **(we suggest two people perform this operation)**.

Step 8

Assembly is complete.
