**2. FITTINGS**

**IMPORTANT**

1.Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.

2. Check that you have all the component parts following the list above and familiarise yourself with each part before proceeding.

3. Take all the fittings out of the plastic bag and separate them into their groups.

4. Ensure you have enough space to lay out all the parts before assembly.

5. To avoid scratching it is recommend that you assemble the unit on a soft level surface.

6. Please unzip front door before adding cover to frame

7. Not suitable for using heater inside or near this product.

### 4 Tier Mini Greenhouse - Assembly Instructions

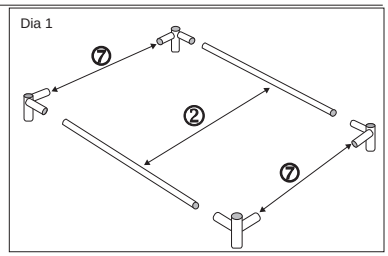

**3. ASSEMBLY INSTRUCTIONS**

**Stage 1- Fitting the frame**

NOTE: There are many different kinds of Tubes. Ensure you check before assembly.

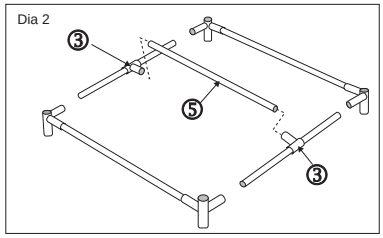

1. Insert four plastic connector(7) into the ends of two long Tubes(2). See Dia 1.

Dia 1

2. Insert two T-Tubes(3) into the end of Medium Tube(5). Then insert the plastic connector(7) into the ends of T-Tubes(3). See Dia 2.

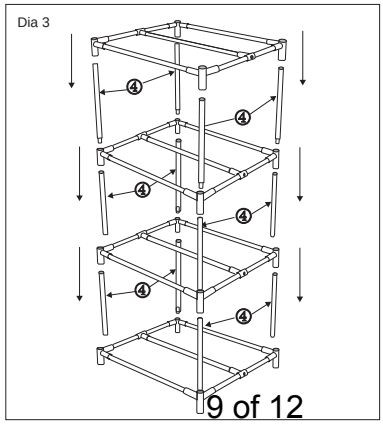

Dia 2

3. Follow the same method in Dia 1 and Dia 2 to produce another three frames.

4. Insert eight Short Tubes(4) into the plastic connector(7). See Dia 3.

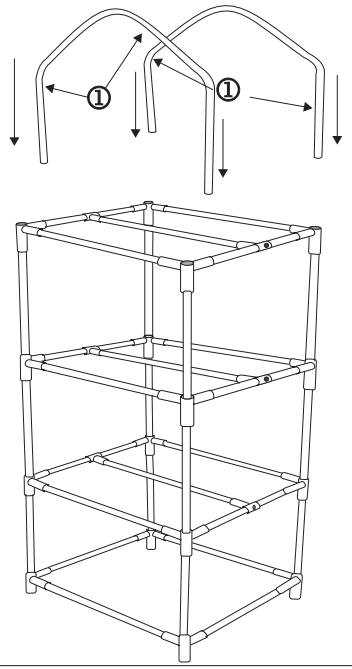

Dia 3

## Stage 2 - Fitting Top Frames & Shelf s

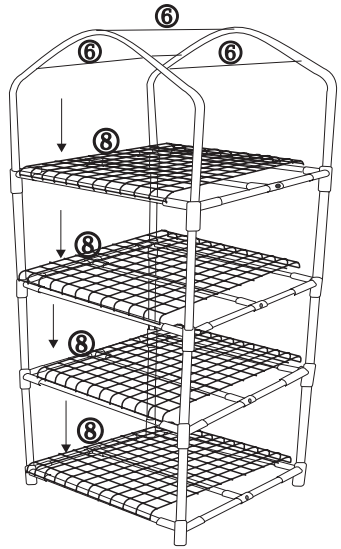

1. Insert the Top Frames(1) onto the unit. See Dia 4.

Dia 4

2. Locate the grills(8) onto the unit. See Dia 5.

Dia 5

3. Fit the Roof rib connecting wire (6) to the Top Frames. See Dia 5

NOTE: You have to spring out the top frames to fit the roof rib connecting wire(6).

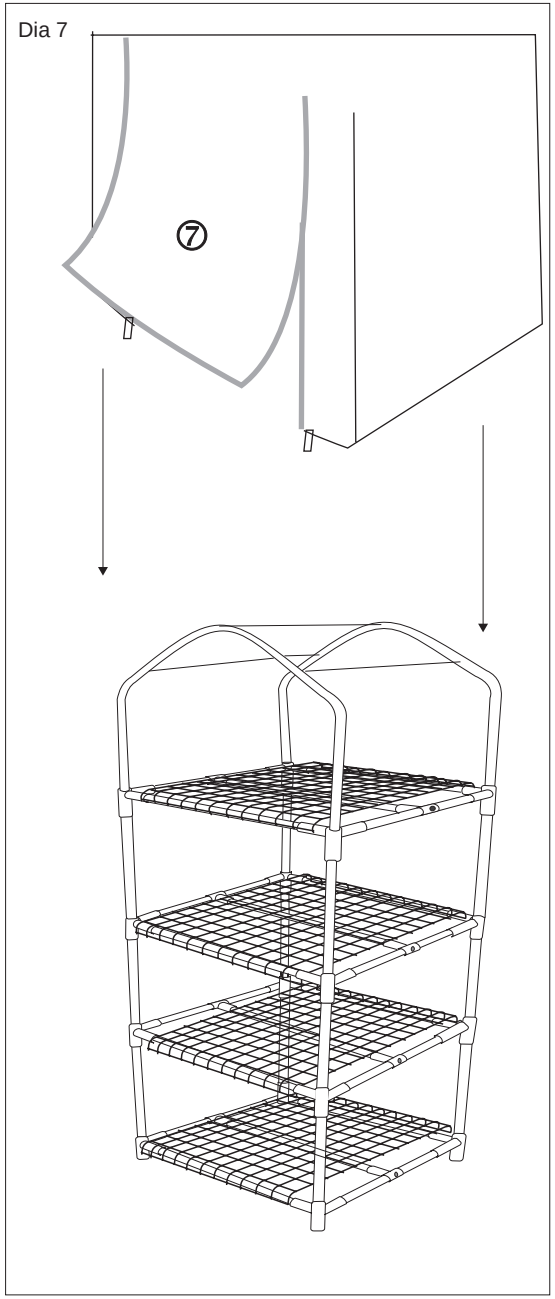

## Stage 3 - Fitting the Cover

NOTE: Locate the unit on flat ground free from obstruction. Please unzip before adding cover to frame.

IMPORTANT: The unit is light weight and should be located in a sheltered place away from wind and heavy rain.

1. Place the Cover(7) onto the frame. See Dia 7.

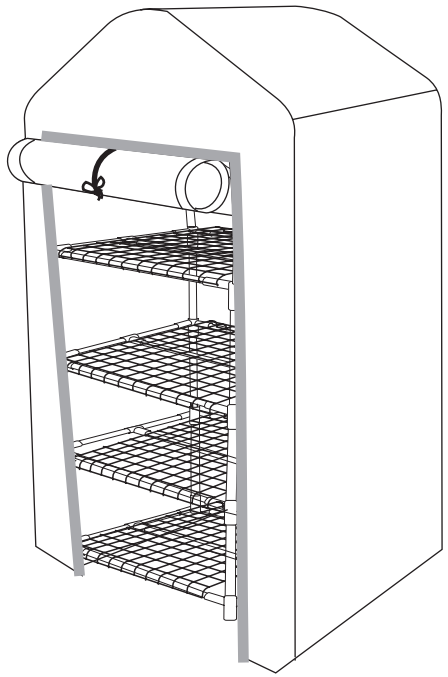

Dia 7

## 4 Tier Mini Greenhouse - Assembly Instructions

### Stage 4 - Finishing the Unit

Dia 8

1. The front flap can be zipped open and tied up if required.(Dia 8)

   The cover can be attached to the frame by four ties at the base.

   Then place the unit in the desired location.(Dia 8)

**Care and Maintenance**

**Safety**
To avoid the risk of suffocation to animals or children dispose of the plastic bags immediately.

**Cleaning**
Clean all surfaces with a damp cloth and mild detergent, do not use bleach or abrasive products.
