# Safety and Care Advice

**Important** - Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on page 2.

- Remove all components and fittings from the packaging and separate them into their groups.

- Keep children and animals away from the work area, small parts could choke if swallowed.

- Parts of the assembly will be easier with 2 people.

- Do not stand or put weight on the product, this could cause damage.

- Assemble on a soft level surface to avoid damaging the unit or your floor.

- Make sure you have enough space to layout the parts before starting.

- We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.

- Dispose of all packaging carefully and responsibly.

## Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

- From time to time check that there are no loose screws on this unit.

- This product should not be discarded with household waste. Take to your local authority waste disposal centre.
