# Frosted Glass Sliding Door Media Unit

Assembly Instructions - Please keep for future reference | 875/5694

## Dimensions

Width - 92cm
Depth - 24cm
Height -123.4cm

## Important – Please read these instructions fully before starting assembly

If you need help or have damaged or missing parts, call the **Customer Helpline: 08456 400800**

Issue 1 - 9/07/08

# Safety and Care Advice

## **Important –** Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on pages 2 and 3.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• Do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• We do not recommend the use of power drill/drivers ***for inserting screws***, as this could damage the unit. Only use hand screwdrivers.

• Dispose of all packaging carefully and responsibly.

## **Glue safety -** Take care when using glue, please follow the advice below

**Skin contact:** Remove contamination by washing with soap and water. This procedure should also be followed prior to eating and drinking.

**Eye contact:** Rinse immediately with clean water for 15 minutes and seek medical advice.

**If swallowed:** Seek medical advice immediately.

## Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

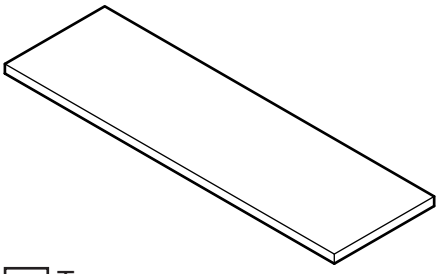

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

***Note:*** If required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.

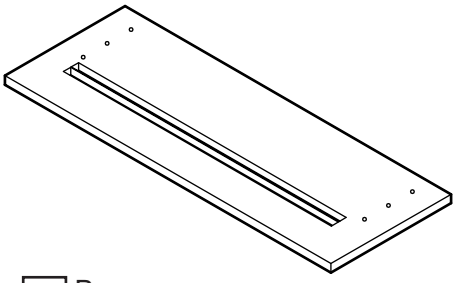

# Components - Panels

If you have damaged or missing components, call the **Customer Helpline: 08456 400800**

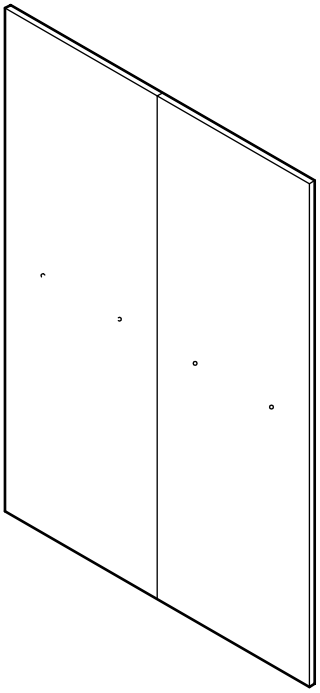

## Please check you have all the panels listed below

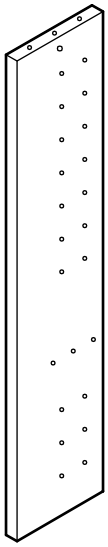

**1** Top
(19.7x92.1cm)

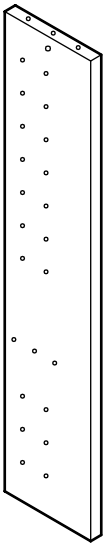

**2** Base
(24x92.1cm)

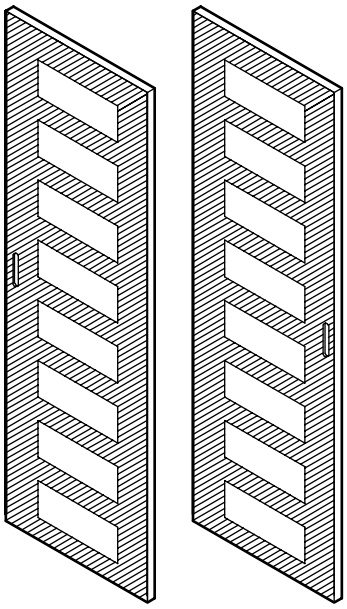

**6** Back Panel
(81.6x122.8cm)

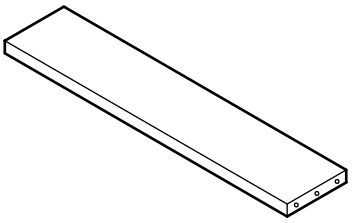

**3** Left side panels
(18.5x119.7cm)

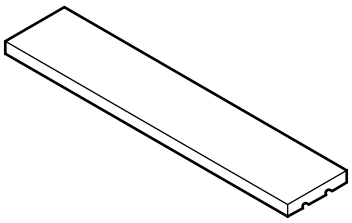

**4** Right side panels
(18.5x119.7cm)

**8** Sliding Doors x 2
(40.9x120.3cm)

**5** Fixed Shelf
(13.2x79.1cm)

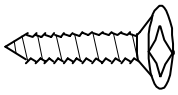

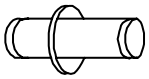

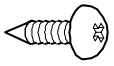

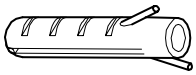

**7** Adjustable Shelves x 6
(13.2x78.8cm)

# Components - Fittings

## Please check you have all the fittings listed below

***Note:*** The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

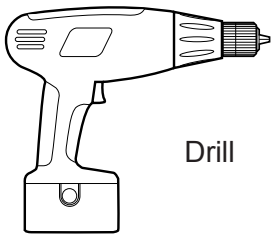

| | | |
|---|---|---|
| **A**  Cam Bolt x 4 | **B**  Cam Lock x 4 | **C**  38mm Large screws x 6 |
| **D**  12mm Screw x 4 | **E**  Dowel x 8 | **F**  Tacks x 28 |
| **G**  Shelf support X 24 | **H**  Glue x 1 | |
| **J**  Wall Strap X 2 |  12mm Screw X 2 | |
|  Plug X 2 |  32mm Screw X 2 | |

## Tools required

Phillips screwdriver (medium & large)

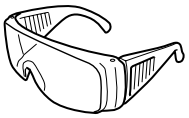

Flatblade screwdriver (medium)

7mm Suitable drill bit (for use with wall plug)

Drill

Small hammer

Ruler/tape measure

Eye protection (when using a hammer or glue)

## Ruler - Use this ruler to help correctly identify the screws

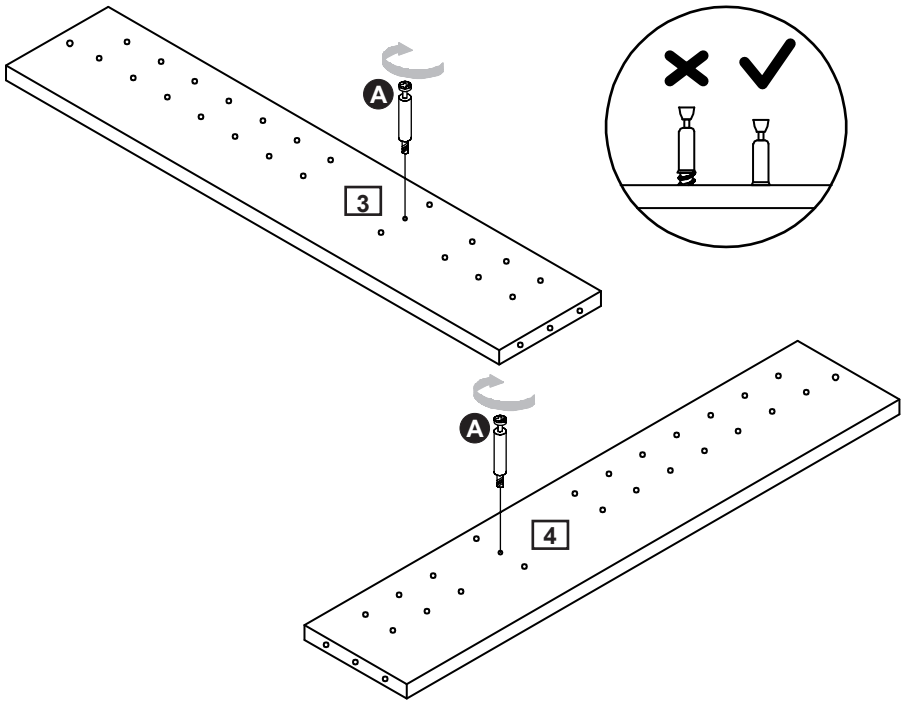

# Assembly Instructions

## Step 1

**Attaching side panel**

Insert the cam bolts (A) into the panel [3] & [4] .

## Step 2

**Fixed Shelf Assembly**

Place cam locks (B) into fixed shelf [5].

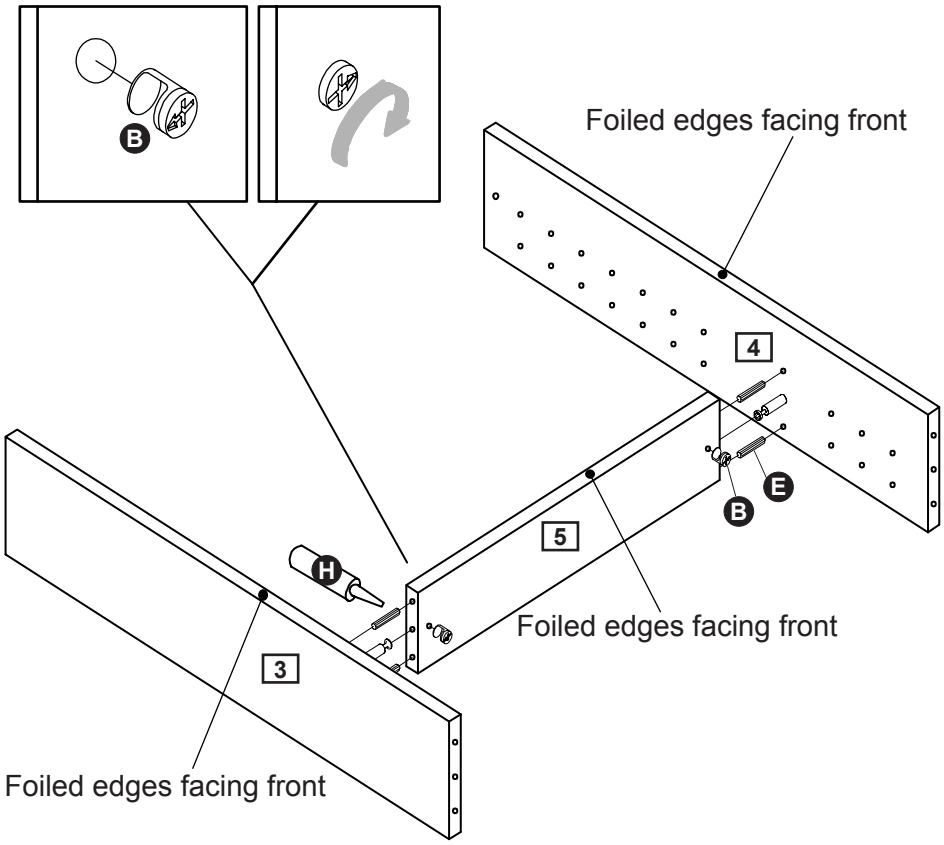

Ensure arrow on the cam locks face towards the side panel to be attached.

Attach side panels using dowels (E) and a dab of glue (H) .

Do not force,if shelf will not fit easily check arrows on cam locks (B) are facing the correct direction and try again.

Turn cam locks (B) clockwise until tightened.

Be careful not to over-tighten as this can break the lock.

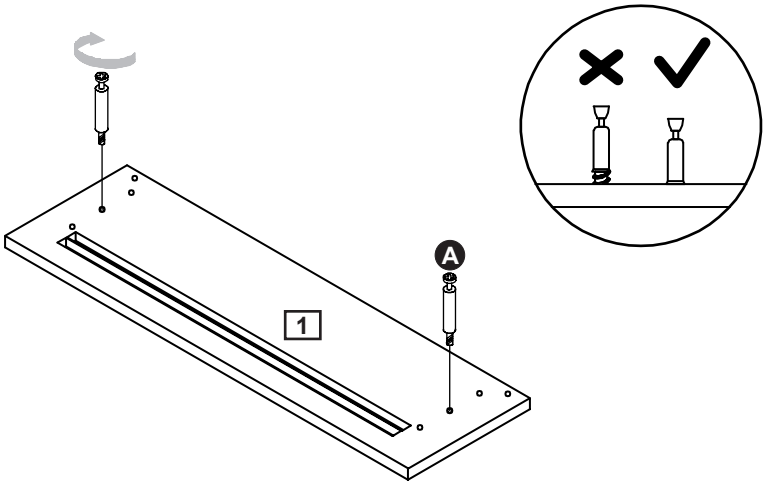

# Assembly Instructions

## Step 3

**Attaching top panel**

Screw 2 x cam bolts Ⓐ into the top [1].

## Step 4

**Attaching the Top**

Place cam locks Ⓑ into side panels [3] and [4].

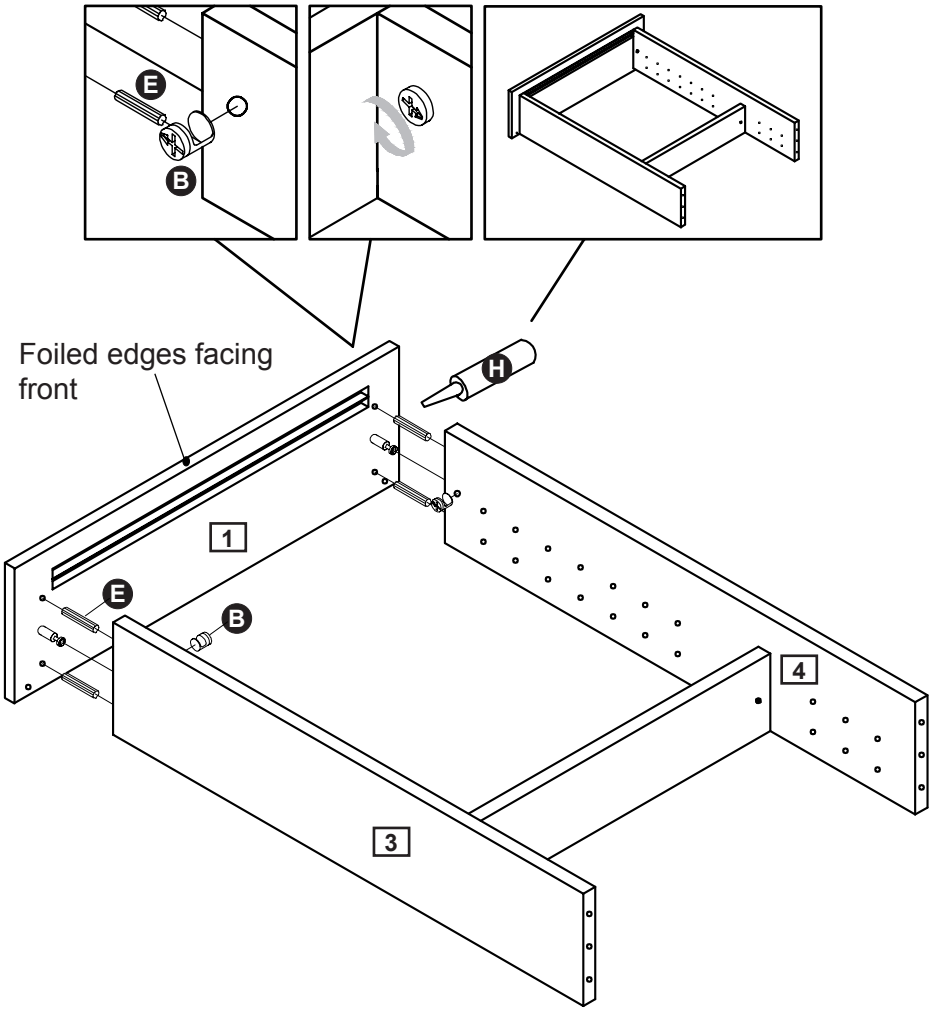

Ensure arrow on the cam locks face towards the top [1] to be attached.

Attach top using dowels Ⓔ and a dab of glue Ⓗ.

Do not force, if the top will not fit easily check arrows on cam locks Ⓑ are facing the correct direction and try again.

Turn cam locks Ⓑ clockwise until tightened.

Be careful not to over-tighten as this can break the lock.

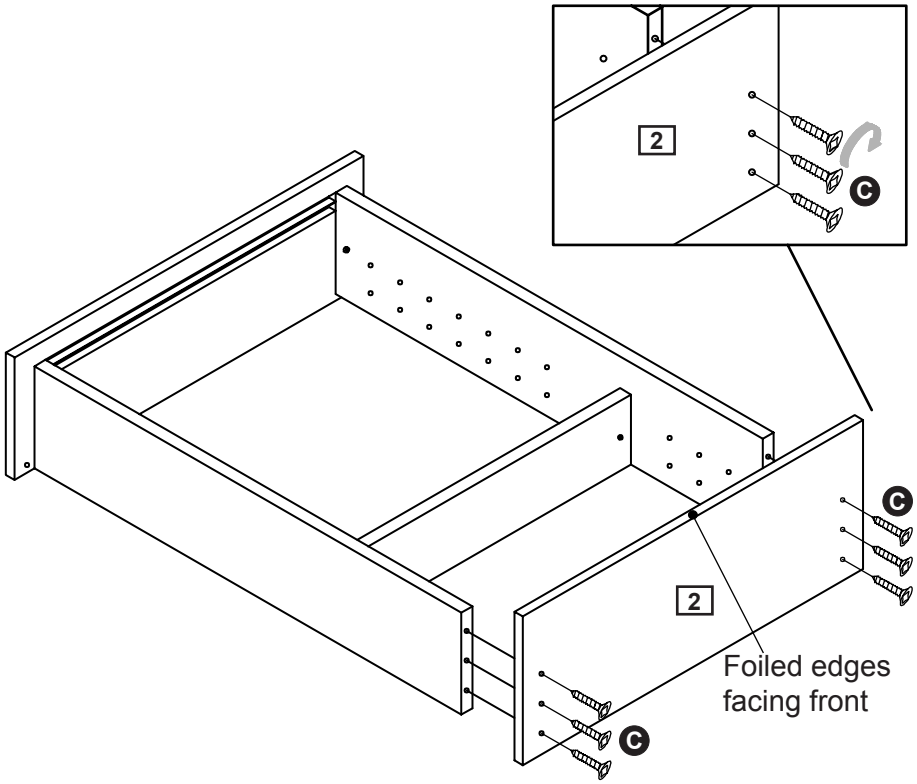

# Assembly Instructions

## Step 5

**Base Assembly**

Attach the base 2 to the unit using large screws C.

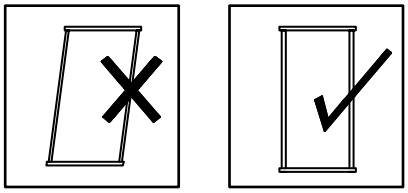

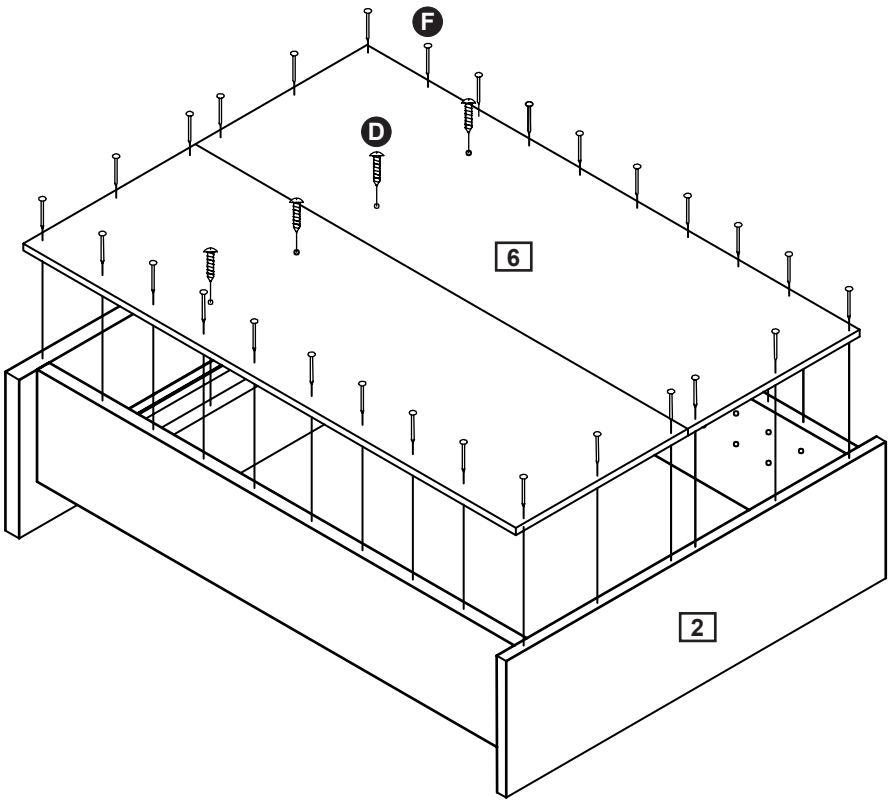

## Step 6

**Fixing back panel**

Attach the backboard 6 using pins F and screws D.

Ensure the backboard is the right way up so the screws attach to the fixed shelf 5 .

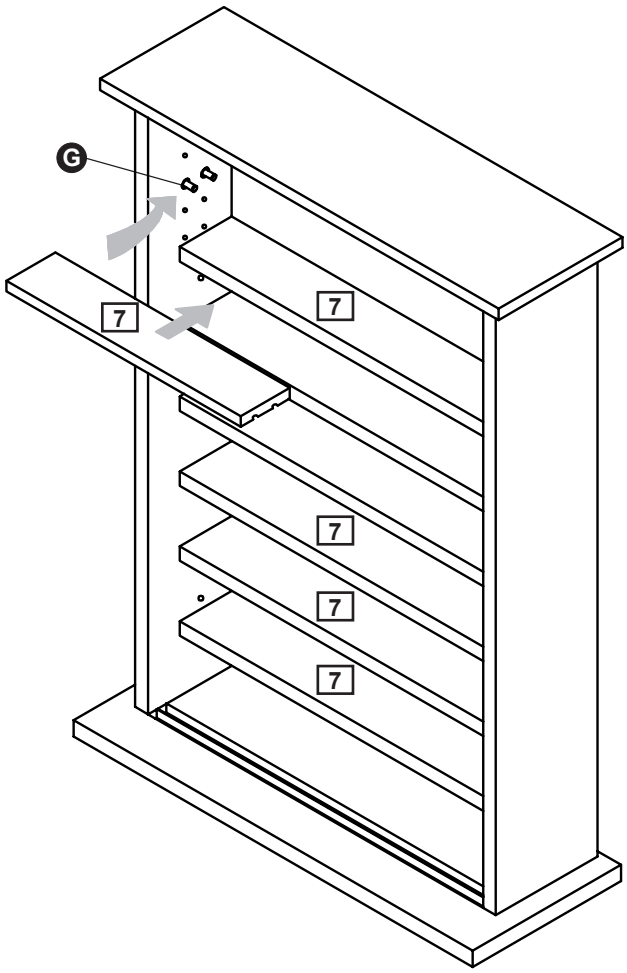

# Assembly Instructions

## Step 7

Attach the shelf supports G to the unit in the desired location, depending on the media to be stored.

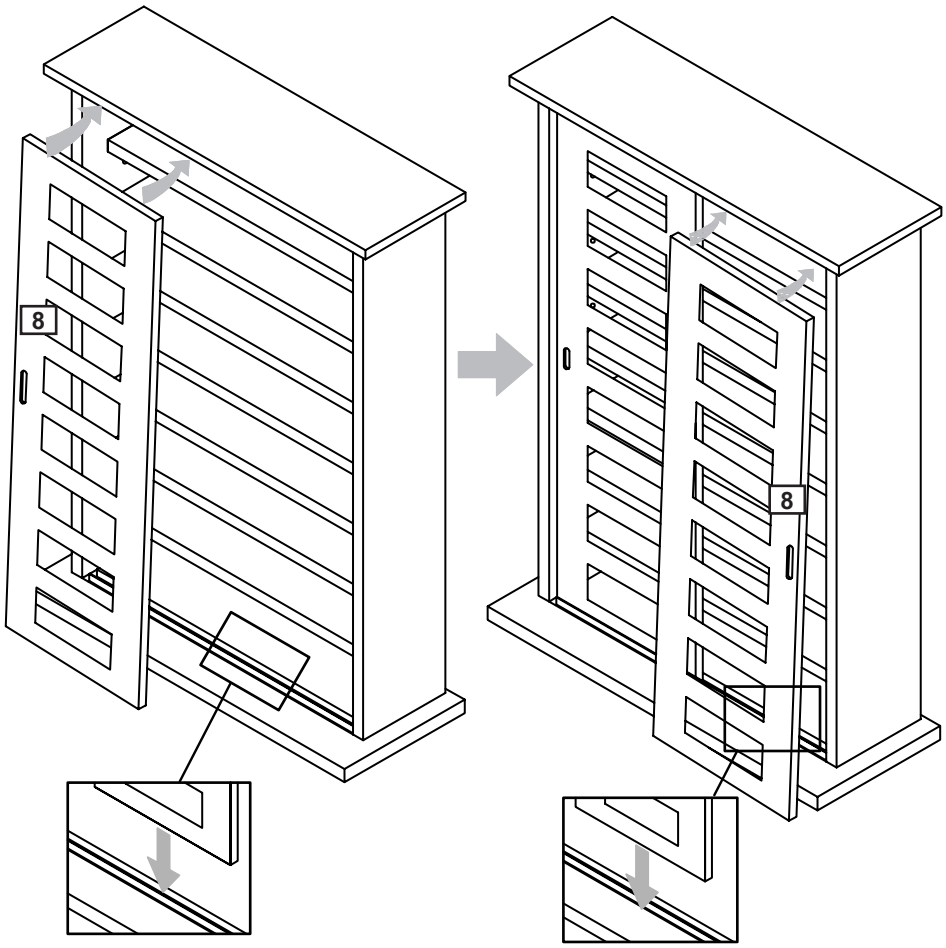

Then install the adjustable shelves 7 .

## Step 8

**Glass door assembly**

Attach the sliding doors 8 to the unit in the corresponding grooves, ensure the finger grip is facing towards the sides of the unit, as per the picture.
One door needs to slide behind the other.

# Assembly Instructions

## Step 9

**Finishing the unit**

***NOTE:*** It would be useful to ask someone to help you at this stage.

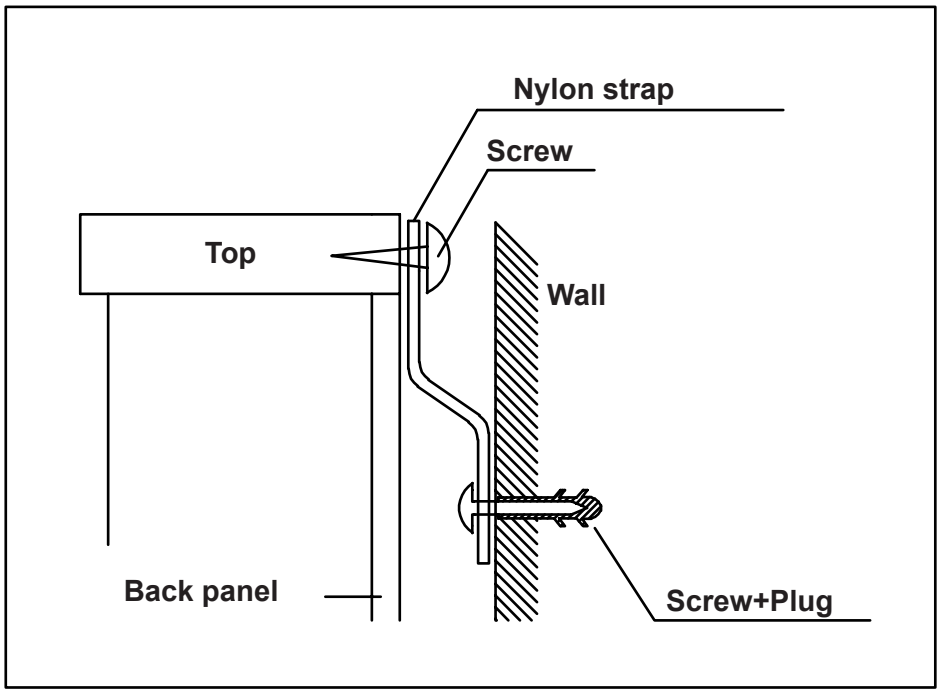

It is strongly recommended that the unit is attached to the wall using Wall Strap J.

Drill a hole in the wall at an appropriate position and insert a suitable Wall plug .

***Warning:*** Before drilling, check wall for hidden pipes and cables.

To secure the unit, fix wall Strap J to the wall using a suitable Screw .

**Assembly is complete.**

***Note:*** Wall plugs supplied are for solid walls only.

The correct type of fixing must be used for your wall, seek professional advice if in doubt.

If you need help or have damaged or missing parts, call the **Customer Helpline: 08456 400800**

# A Guide to - Wall Mounting & Fixings

## *Important note:*

**If plastic wall plugs are supplied with your product:**

- these are only suitable for use in masonry walls.

If you are in any doubt about the correct wall plugs for your wall, seek professional advice.

Failure of the product due to using incorrect fixings is the responsibility of the installer.

## ***Important:*** **When drilling into walls always check that there are no hidden wires or pipes etc.**

Make sure that the screws and wall plugs being used are suitable for supporting your unit. Consult a qualified tradesperson if you are unsure.

### *Hints:*

**1: General rule:** ⚠ Always use a larger screw and wall plug if you are not sure.

**2:** Ensure you use the recommended drill bit to match the wall plug and hole size.

**3:** Ensure you drill the hole horizontally, do not force the drill or enlarge the hole.

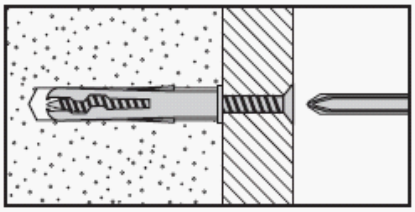

**4:** Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid the tiles splitting or cracking.

**5:** Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

## Types of walls

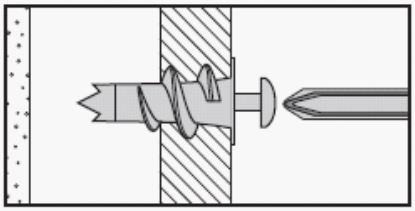

**You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.**

No.1 **"General Purpose" wall plug**

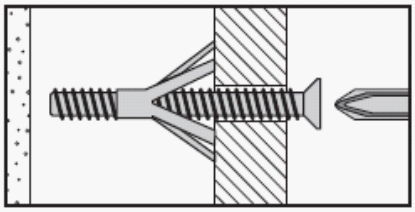

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

No.2 **"Plasterboard" wall plug**

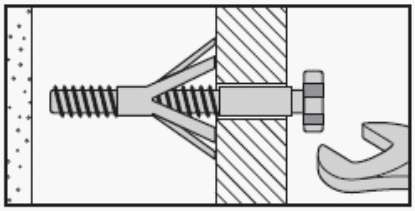

For use when attaching light loads on to plasterboard partitions.

No.3 **"Cavity Fixing" wall plug**

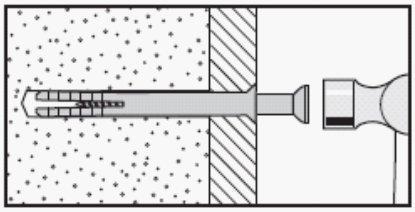

For use with plasterboard partitions or hollow wooden doors.

No.4 **"Cavity Fixing-Heavy Duty" wall plug**

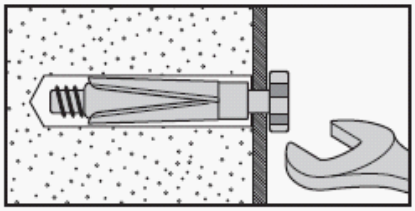

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

No.5 **"Hammer Fixing" wall plug**

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

No.6 **"Shield Anchor" wall plug Heavy loads**

For use with heavier loads such as TV & HiFi speakers and satelite dishes etc.

## Care & Maintenance

**Safety:** Always check the fitting and location to ensure your safety in and around the home.

**Fitting:** From time to time check the fitting to ensure the wall plugs or screws do not become loose.

Revision 2 - 7/10/09

## WARNING !

**This item contains glass. Please handle with extreme care.**

This item model reference - 875/5694 (D) complies with BS 7449: 1991

Argos Limited
Milton Keynes
United Kingdom

The glass used with this product is tempered glass of a norminal thickness of 5mm that complies with BS6206 Class C.

If a glass component is chipped or broken replace with glass of the type described on this label. Consult the retailer with regard to obtaining a manufacturing specification and shape for replacement glass quoting the model number.

In the interests of your safety please take note of the following points when using products containing glass.

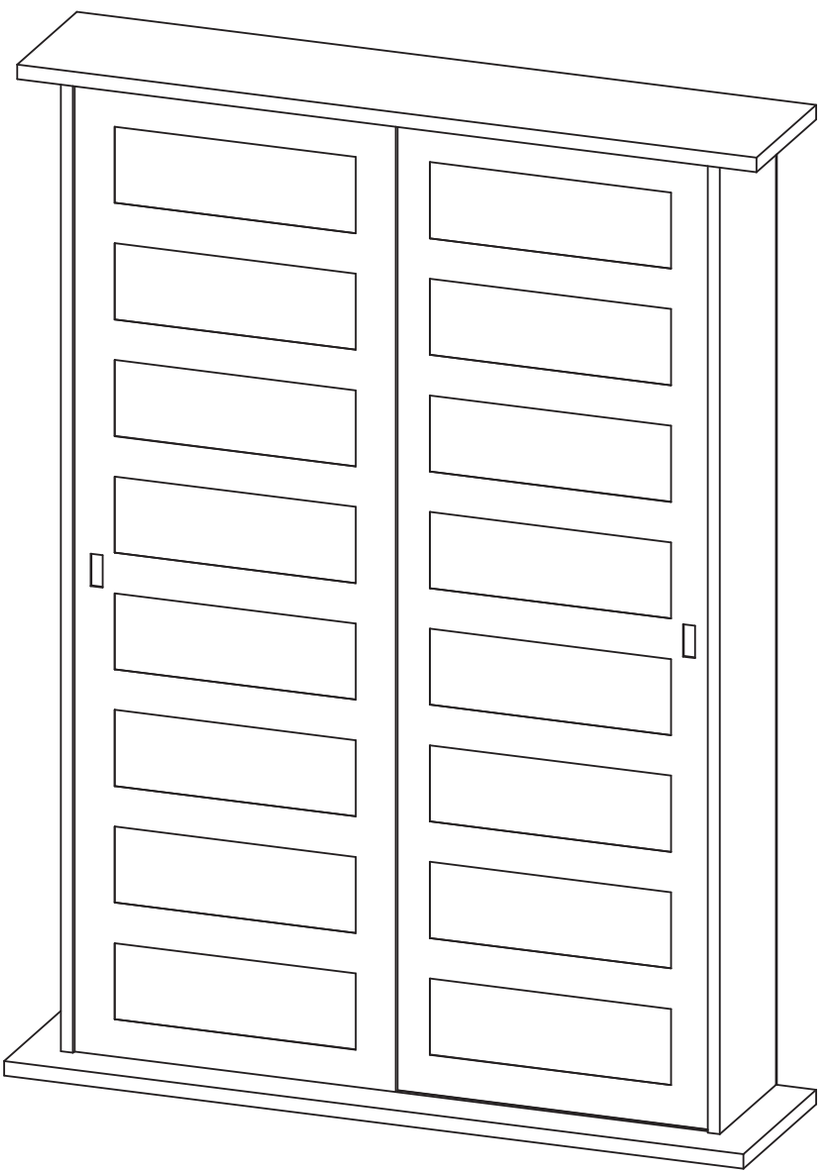

1. Do not place very hot or cold items against or in close proximity to glass surfaces unless an adequately thick insulating material is used to prevent such items from coming into contact with the glass.

2. Do not strike the glass with hard or pointed items.
3. When cleaning glass panels or mirrors use a damp cloth or leather with washing up liquid or soft soap if necessary; do not use washing powders or any other substances containing abrasives since these substances scratch glass.

4. It is essential that this unit is fixed to a wall with the fixings provided.
5. Keep these instructions for further use.

If you have damaged or missing components, call the **Customer Helpline: 08456 400800**

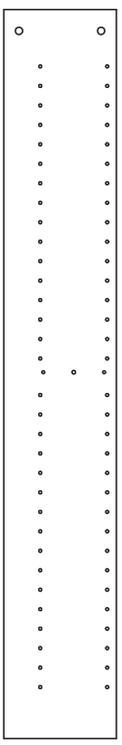

## Please check you have all the panels listed below

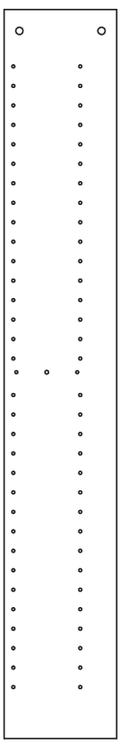

**1** Top (19.7x92cm)

**2** Base (24x92cm)

**3** Left side (119.8x18.5cm)

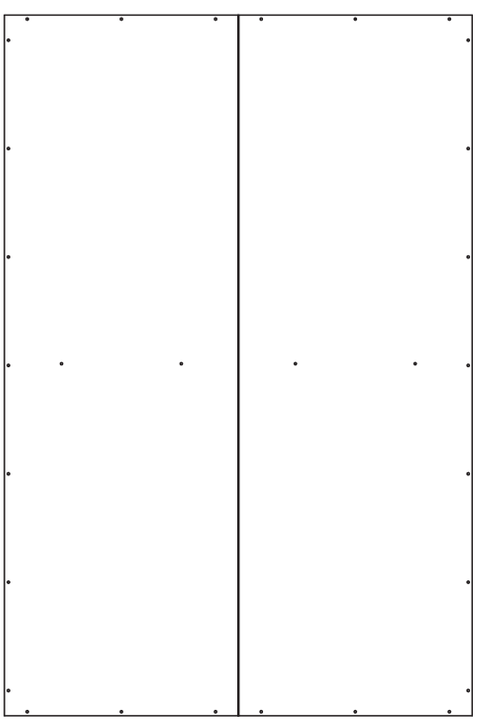

**4** Right side (119.8x18.5cm)

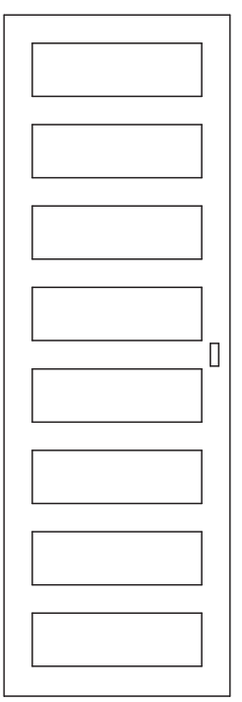

**5** Adjustable shelf x 6 (14x79cm)

**6** Fixed shelf (14x79cm)

**7** Back (122.8x81.8cm)

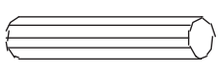

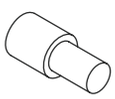

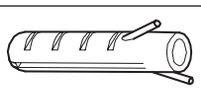

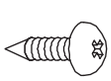

**8** Glass door x 2 (120.5x40cm)

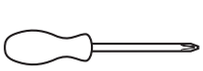

# Components - Fittings

## Please check you have all the fttings listed below

***Note:*** The quantities below are the correct amount to complete the assembly. In some cases more fttings may be supplied than are required.

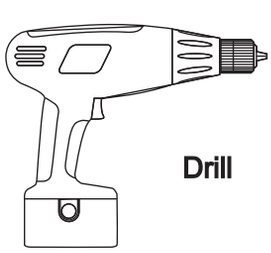

| | | |
|---|---|---|
| **A**  Cam bolt x 8 | **B**  Cam lock x 8 | **C**  45mm Screw x 4 |
| **D**  15mm Screw x 28 | **E**  Dowel x 6 | **F**  Shelf support X 24 |
| **H**  Plug X 2 | **I**  Wall strap X 2 | **J**  25mm Screw X 2 |
| **K**  12mm Screw X 2 | | |

## Tools required

Phillips screwdriver (medium & large)

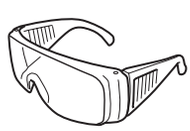

Flatblade screwdriver (medium)

7mm Suitable drill bit (for use with wall plug)

**Drill**

Small hammer

Ruler/tape measure

Eye protection (when using a hammer or glue)

## Ruler - Use this ruler to help correctly identify the screws

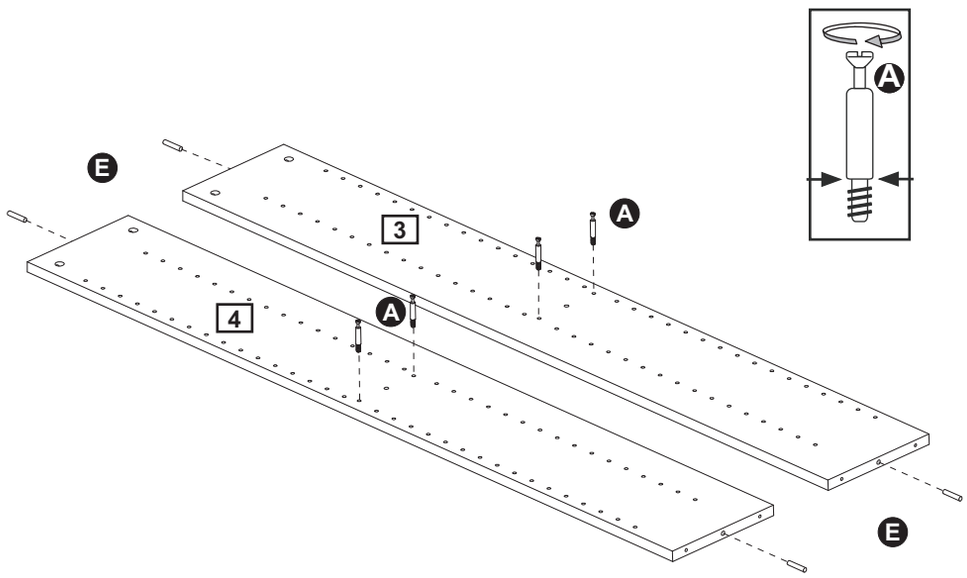

# Assembly Instructions

## Step 1

**Attaching Side panel**

Screw the Cam bolt Ⓐ and insert Dowel Ⓔ into the panel 3 & 4 .

## Step 2

**Fixed shelf Assembly**

Place Cam lock Ⓑ into Fixed shelf 6 .

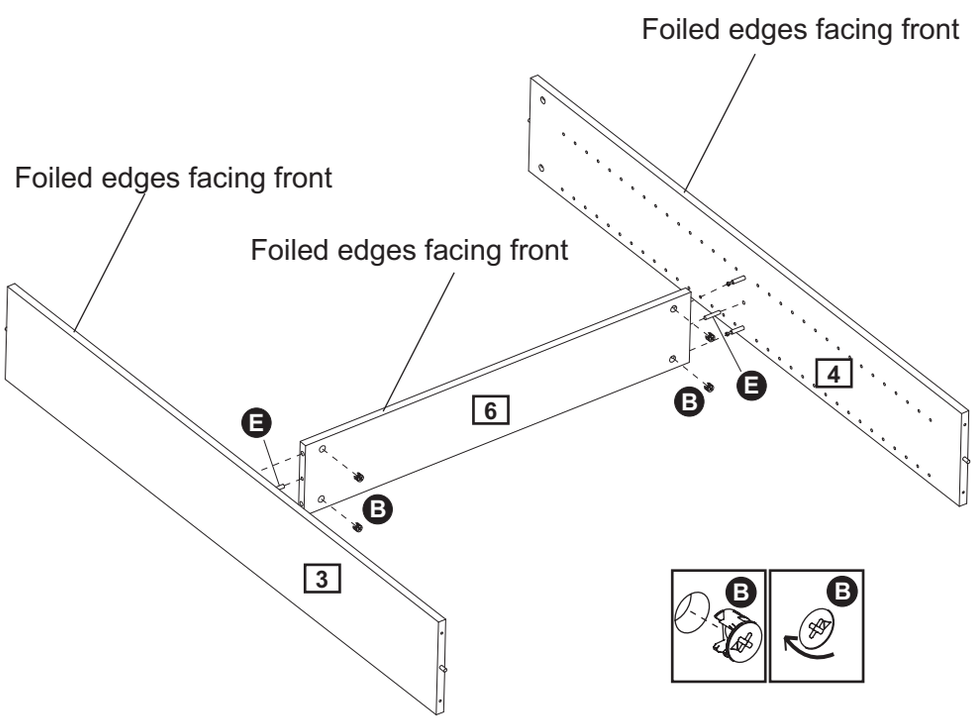

Ensure arrow on the Cam lock face towards the side panel to be attached.

Insert Dowel Ⓔ into Fixed shelf 6 .

Do not force,if shelf does not fit easily check arrows on Cam lock Ⓑ are facing the correct direction and try again.

Turn Cam lock Ⓑ clockwise until tightened.

Be careful not to over-tighten as this can break the lock.

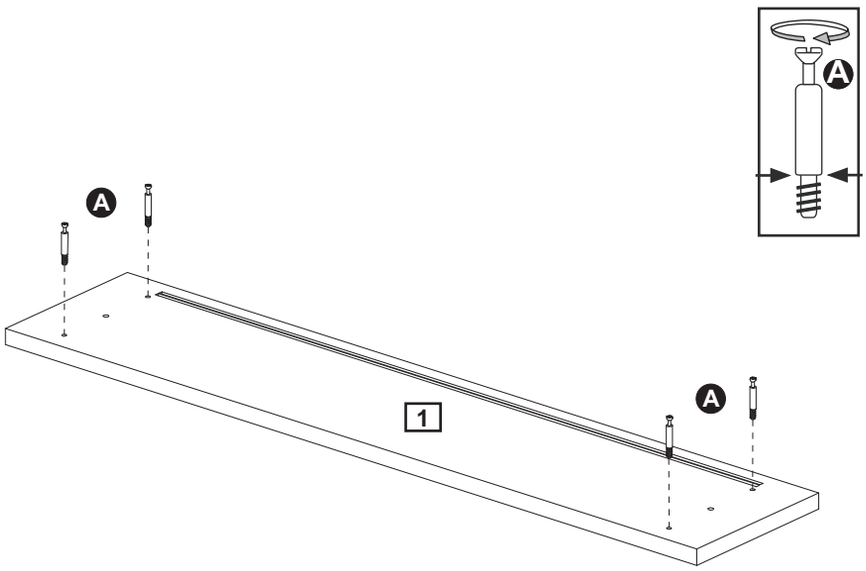

# Assembly Instructions

## Step 3

**Attaching Top panel**

Screw the Cam bolt Ⓐ into the top 1 .

## Step 4

**Attaching the Top**

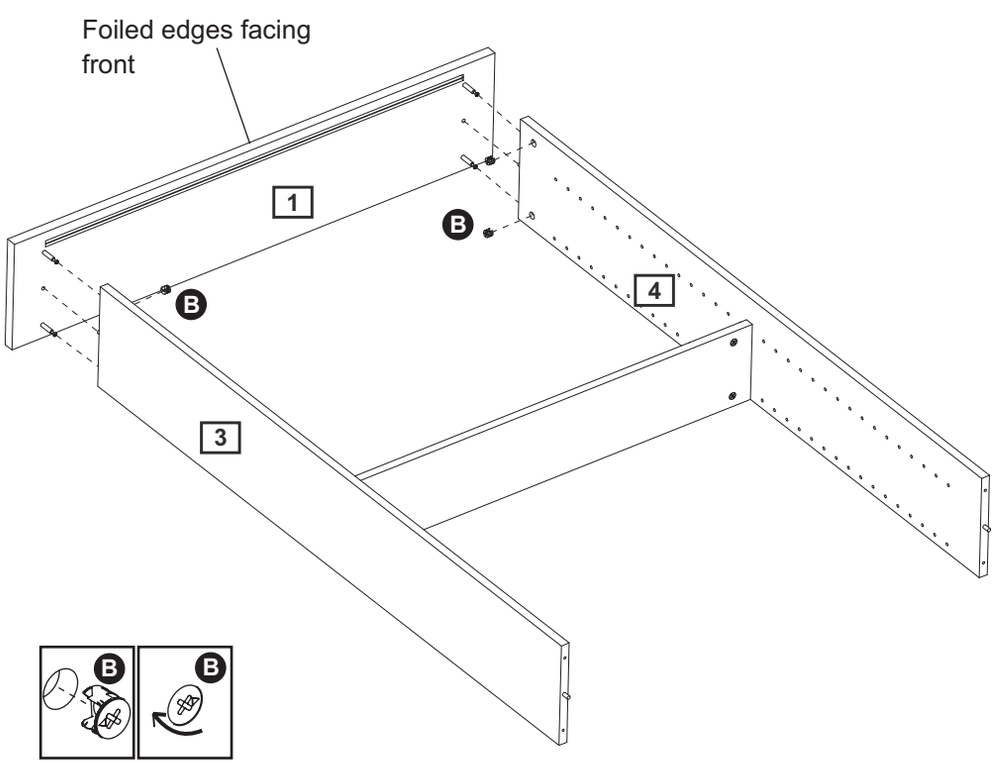

Place Cam lock Ⓑ into side panels 3 and 4.

Ensure arrow on the Cam lock face towards the Top 1 to be attached.

Do not force, if the top does not fit easily check arrows on Cam lock Ⓑ are facing the correct direction and try again.

Turn Cam lock Ⓑ clockwise until tightened.

Be careful not to over-tighten as this can break the lock.

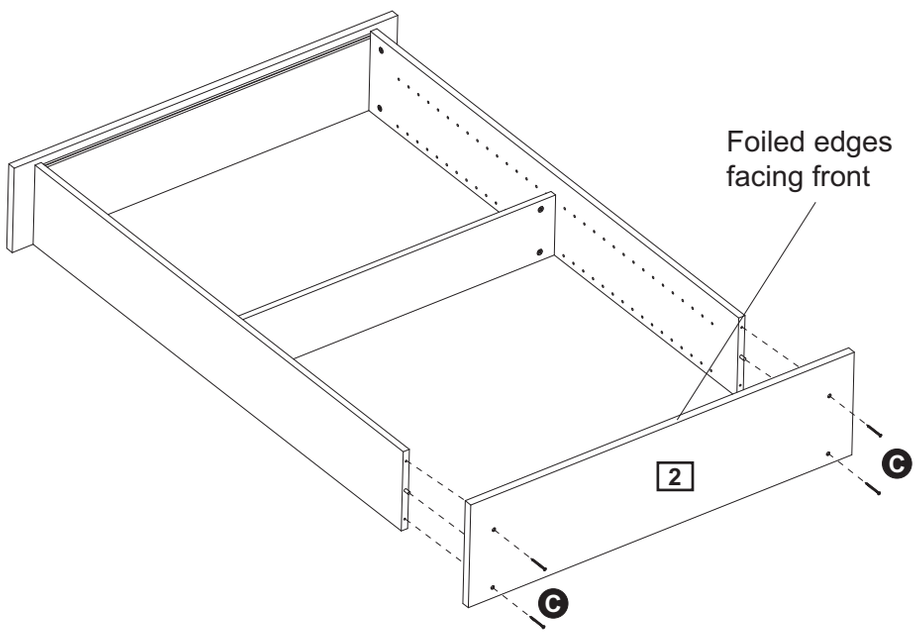

# Assembly Instructions

## Step 5

**Base Assembly**

Attach the Base 2 to the unit using Screw C.

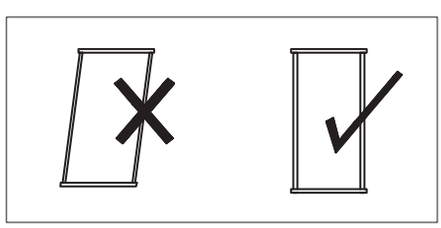

## Step 6

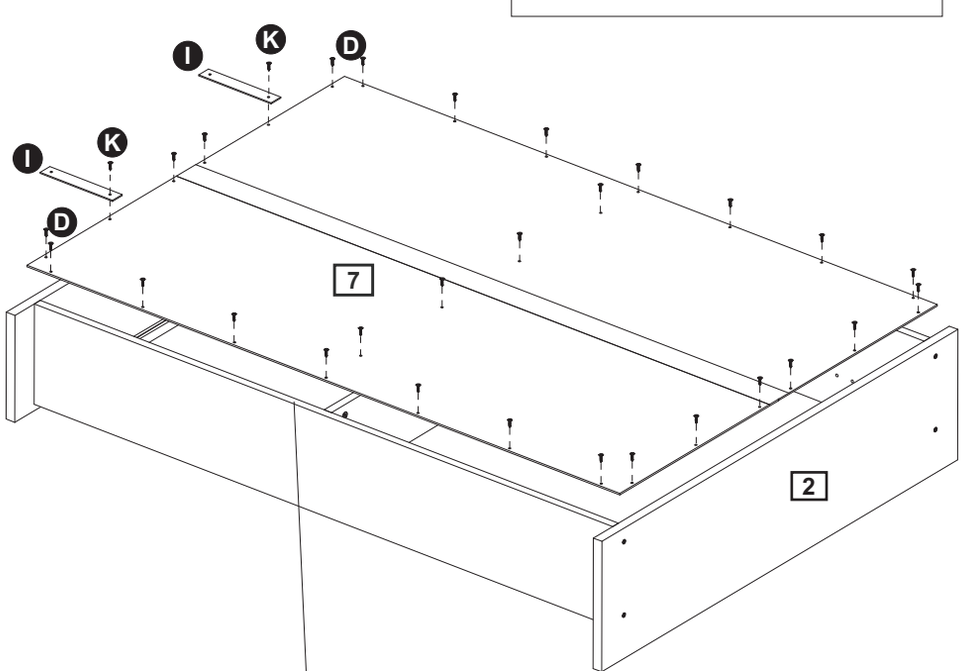

**Fixing Back panel**

Turn the unit up side down carefully.

Attach the Back 7 with Screw D.

Attach the Wall strap I using Screw K into the Back 7.

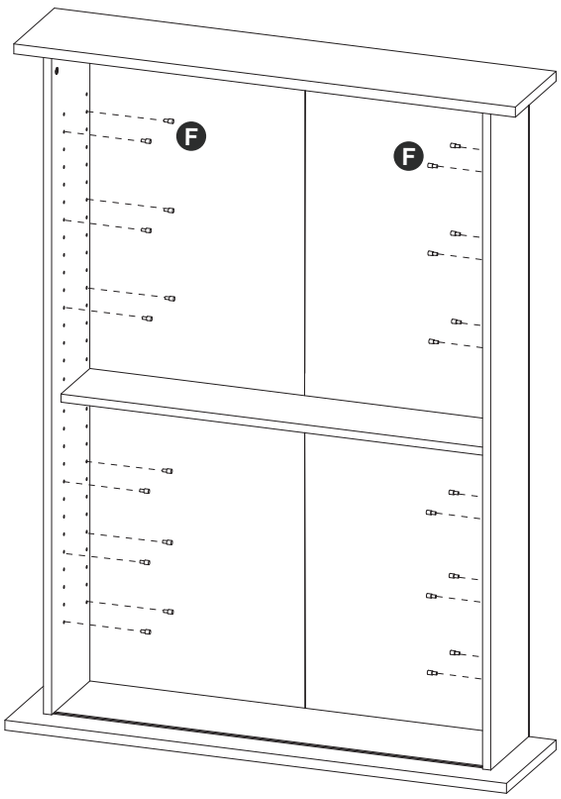

No foiled edges facing front

# Assembly Instructions

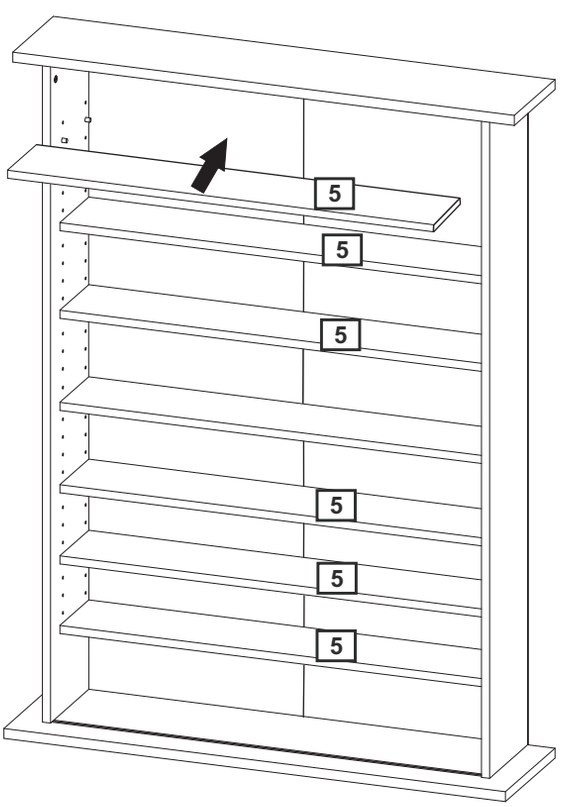

## Step 7

Attach the Shelf support (F) to the unit in the desired location, depending on the media to be stored.

## Step 8

Then install the Adjustable shelf [5].

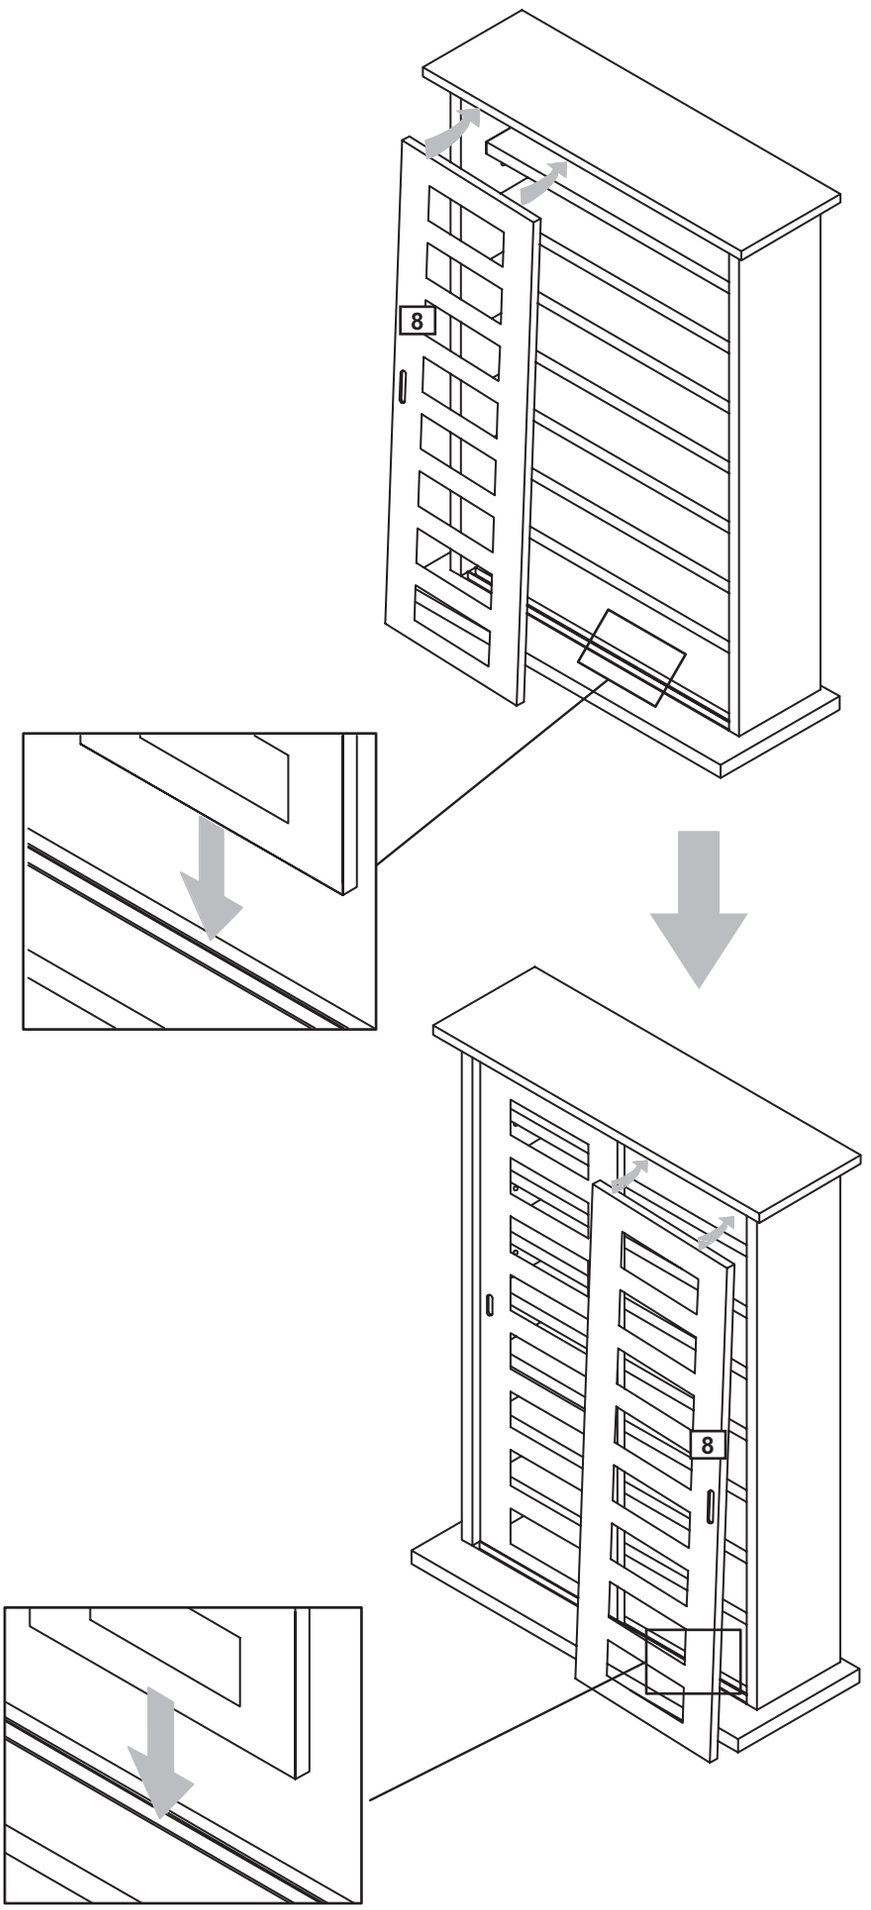

# Assembly Instructions

## Step 9

**Glass door assembly**

Attach the Glass door [8] to the unit in the corresponding grooves, ensure the finger grip is facing towards the sides of the unit, as per the picture.
One door needs to slide behind the other.

# Assembly Instructions

## Step 10

**Fixing to wall**

**5**: Ensure wall plugs are well fitted and are a tight ft in the drilled hole.

## Types of walls

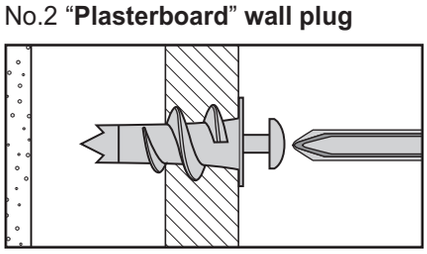

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.

No.1 "**General Purpose**" **wall plug**

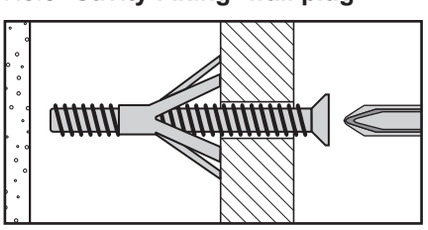

Generally aerated blocks should not be used to support heavy loads, use a specialist ftting in this case. For light loads, general purpose wall plugs can be used.

No.2 "**Plasterboard**" **wall plug**

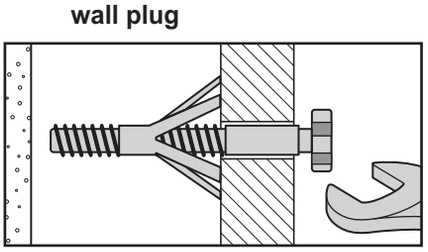

For use when attaching light loads on to plasterboard partitions.

No.3 "**Cavity Fixing**" **wall plug**

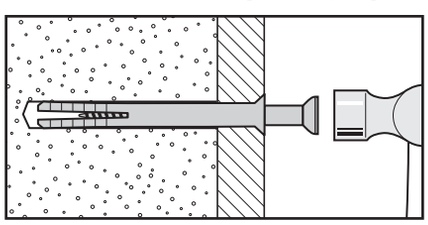

For use with plasterboard partitions or hollow wooden doors.

No.4 "**Cavity Fixing-Heavy Duty**" **wall plug**

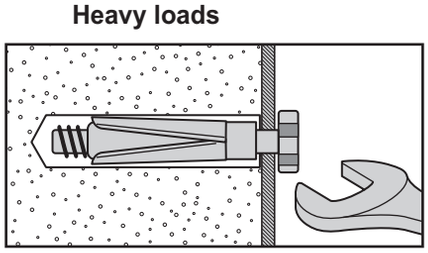

For use when ftting or supporting heavy loads such as shelving, wall cabinets and coat racks.

No.5 "**Hammer Fixing**" **wall plug**

For use with walls stuck with plasterboard. The hammer fxing allows it to be fxed to the wall rather than the plasterboard. Always check the fxing is secure to the retaining wall.

No.6 "**Shield Anchor**" **wall plug Heavy loads**

For use with heavier loads such as TV & HiFi speakers and satelite dishes etc.

## Care & Maintenance

**Safety**: Always check the ftting and location to ensure your safety in and around the home.

**Fitting**: From time to time check the ftting to ensure the wall plugs or screws do not become loose.
