- Included accessories: USB cable for PC charging, Quick install guide

Dimensions
- Packaging dimensions (WxDxH): 130 x 55 x 100 mm
- Product weight: 0.12 kg
- Weight incl. Packaging: 0.19 kg
- Product dimensions (WxDxH): 85 x 34 x 75.8 mm

Design and finishing
- Color: White

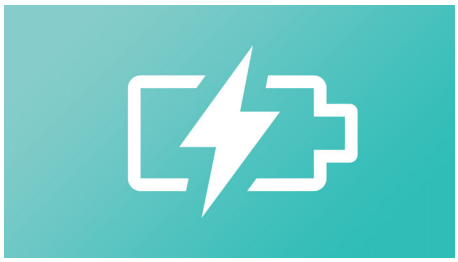

Highlights

Anti-clipping function_BT55

Anti-Clipping lets you play music louder and keeps it high quality, even when the battery is low. It accepts a range of input signals, from 300mV to 1000mV and keeps your speakers safe from damage by distortion. This built-in function monitors the musical signal as it goes through the amplifier and keeps peaks within the amplifier's range, preventing the audio distortion caused by clipping without affecting loudness. A portable speaker's ability to reproduce musical peaks decreases along with battery power, yet anti-clipping reduces peaks caused by low battery, keeping music distortion free.

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.

Wireless music streaming_BT55

Bluetooth is a wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.
