

SONIC MAXX 820

XL wireless portable party speaker

hellomusic

High power Party speaker with light system

Sonic Maxx 820 is a market beating release for the large wireless party speaker by Motorola - Powerful integrated dual-subwoofers with thumping bass and high quality audio! Extreme sound to rival any other, integrated LED multi-colour party light system, water-resistance and built-in rechargeable battery allows enjoyment inside or out. The twin pack adds one more wireless speaker using "True Wireless link" technology for huge stereo sound.
