6pcs x Guy ropes

LIST OF COMPONENTS - cat 927/8802

5pcs Steel pole
1pc x Windbreak cover 1pc
1pc x Carrybag
7pcs x Pegs
7pcs x Guy ropes

ASSEMBLY INSTRUCTIONS

1. Insert steel poles into the tunnels on the windbreak cover
2. Using the ties/loops provided on the windbreak cover, attach to pole to prevent cover from slipping down.
3. Push poles into the ground.
4. Attach the guy ropes to the top of the poles.
5. Stretch the guy ropes outward at an angle to meet the ground, to guage the position where the pegs should be inserted into the ground.
6. Insert pegs into the gound.
7. Attach guy ropes to pegs and adjust guy ropes to achieve tension required.

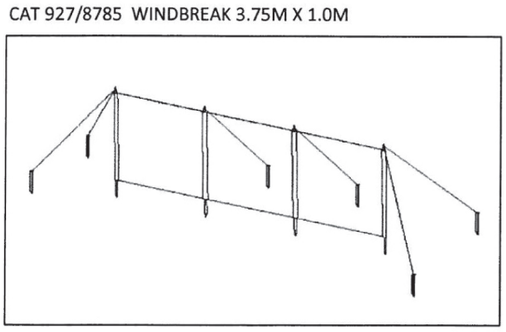

CARE INSTRUCTIONS - IMPORTANT READ BEFORE USE

~ Clean the product with mild soap and water, rinse thoroughly. Dry completely. Do not use bleach, acid or solvents on the item.
~ Store indoors when not in use.

WARNING - IMPORTANT READ BEFORE USE

~ To be used under adult supervision only.
~ Be concious of where the guy ropes are to avoid trips when in use
~ This item is designed for private and domestic use only e.g. around the home and garden..
~ This item is not designed or intended for commercial use e.g. pubs, clubs, restaurants or hotels.
~ Do not use in extremely windy conditions. Do not barbeque close to the windbreak, use lanterns/heaters that have naked flames or place next to strong sources of heat. Do not climb or swing from the frame.
